

MINUTES OF SDG9 (3I's) (INDUSTRY, INNOVATION AND INFRASTRUCTURE) MEETING HELD ON 16TH THURSDAY, JULY 2020.

OPENING PRAYER: The opening Prayer was said by Dr. Lawal Adedoyin at exactly 1:10pm

WELCOME AND PURPOSE OF THE MEETING:

The group coordinator, Engr. A. Adediran, welcome all members to the median meeting of the group. He added that the meeting will be a short one but will be impactful. He then asked the group members to introduce themselves, which was done and started with Dr. James N. Obi as the meeting proceeds.

The coordinator highlighted the following few points in his remark:

- Each member will be divided into different clusters
- The objectives of the group (SDG9) will be sent to each member email.
- There will be various publications and presentation by each cluster. He added by requesting for any volunteer to make presentation in the next meeting

Regarding to the above points, the coordinator asked the member to make their comments and suggestions. Dr. James Obi comment was based on the meeting agenda; he said the agenda supposed to be heightened before the meeting commence. Professor Owa comment was on the importance of SDG9; he said is it only for benefits of the school or the nation at large?

Engr. Agboola comment was about the expectation of management from SDG 9 group. In light of the above comments, the coordinator responded to each comment accordingly; In response to Dr. James comments, the coordinator said the meeting agenda will be sent to our various mails.

Professor Adebessin responded to Professor Owa comments that the group which was tagged as Industry, Innovation and Infrastructure was established for the benefits of every participant, school and our immediate environment. In response to Engr. Agboola comment, the coordinator said the details of management expectation from us as a member of SDG9 will be forwarded to our mail. He added that part of the expectation was that to come up with a product design that will benefit our community. Professor Adebessin added that the main goal of SDG9 is to carry-out a genuine work. He requested that Telegram group should be created for proper information dissemination.

The coordination requested for 2 volunteer to assist in the ICT section of the group. Mr. Adeniyi and Engr. Diarra volunteer to carry on the assignment. The coordinator requested that all members should move to the SDG 9 stand to see some of the project expected of the group.

Professor Owa asked if the expected project is meant for exhibition alone or also marketable project. In response to this, Professor Osueke, Professor Adebessin and Dr. Lawal said the expected

project is for exhibition and as well to market them. In response to presentation for the next meeting, professor Owa and Dr. Adediran volunteer to make presentation in the next meeting. Suggestion for Meeting Modalities; the coordinator was asked to meet with other coordinator so as to deliberate on the convenient time for the subsequent meetings.

Dr. Rasaq move motion for adjournment of the meeting, the adjournment was seconded by Mrs. Osueke. Dr. Joseph Falaye renders the Closing prayer. The meeting was halt immediately after the closing prayer by exactly 1:45pm.

MINUTES OF SDG9 (3I's) (INDUSTRY, INNOVATION AND INFRASTRUCTURE) MEETING HELD ON 13TH THURSDAY, AUGUST 2020.

Agenda

1. Opening Prayer
2. Coordinator's Opening Remarks
3. Reading and Adoption of Last Meeting
4. Matter Arising from last meeting
5. Presentation
6. AOB
7. Closing remarks
8. Motion for adjournment
9. Closing prayer

Opening Prayer:

The meeting started with opening prayer which was led by Dr. A. O. Otegbola at 12:11pm and followed immediately with the coordinator's opening remark.

Opening Remark

The coordinator appreciated the efforts of every member that was able to make it to the meetings and also acknowledged Prof. Owa for his effort in his proposed presentation. Furthermore, he stated that each member will be divided into clusters for proposal presentation as this is what the management is expecting from us as a group.

Reading and Adoption of Last Meeting

The minutes of the last meetings was not read because the e-copy was made available to all the member prior to this meeting. Therefore, the coordinator said no one has made any comments on the e-copy of the minutes sent to our respectively email address. Prof. Owa said the minutes was clear and straightforward therefore move motion for adoption of the last meeting while prof. Ibikunle seconded the motion for adoption.

Matter Arising

After the adoption of the last minutes meeting, the coordinator honorably invited Prof. Owa for his presentation.

Presentation

Prof. Owa started his presentation by acknowledging all members present in the meeting. The presentation was titled “Applied and Translational Research”.

Some notable points of the presentation are stated as follows:

- Landmark vision and collaboration efforts of faculty, staff with the industry
- Strategic ideas to implement, till we dominate the world.
- Possess ability of converting waste to wealth
- Landmark vision within SGD: Thinking towards food and medicinal production.

During the presentation, some potential Landmark products with their medicinal benefits was proposed.

1. Corn silk tea
2. Landmark Olive Tea
3. Landmark Iru (Condiment)
4. Landmark Ogiri
5. Landmark Probiotics
6. Landmark Tuwo Shinkafa
7. Landmark Fortified Gari
8. Landmark Colostrum

The impactful presentation lasted for 50 minutes.

Reactions to the Presentation

Dr. lawal reacted to the word “babalawo” used by the presenter during his presentation, that such words can be term to different meaning by outsider, however, the usage can be modified if there is need for that.

Due to the management meeting that wanted to hold in the same venue where we held our meetings, no further comments were allowed as the coordinator called for the closing of the meeting. Engr. Banjo moved the motion for adjournment and seconded by Engr. Agboola. The meeting ended at 12:54pm with closing prayer said by Dr. Rasak.
